Roll Rigid OR Swivel with a Touch of the Foot!

Introducing Colson 2 Series Directional Locks.

Your challenging applications sometimes call for a caster that quickly adapts from swivel to rigid. The solution—

Colson's NEW 2 Series Directional Lock!

- Track straight when your 2 Series top plate caster quickly transform from swivel to rigid
- Foot-activated directional lock engages simply and securely into lead or trailing position
- Compatible with a full range of Colson wheels
- Typical applications are food service, laundry carts & medical equipment or where you require swivel casters to become rigid

Lock up that swivel and track straight with Colson 2 Series Directional locks! Contact your authorized Colson distributor today for more information and to place your order.

Wheel Diameter	Tread Width	Capacity Each (Pounds)	Swivel Top Plate Fork Models	Load Height	Swivel Radius
2 1/2" & 3"	1 1/4"	300	202156	3 7/8" or 4 1/8"	4 3/16"
3 1/2"		300	203156	4 1/16"	4 3/16"
4"		300	204156	5 1/8"	4 5/16"
5"		325	205156	6 3/16"	4 5/16"
